Tidworth Area has a thriving and growing retail sector.

Tesco recently decided to make a major investment in Tidworth's Station Road 'high street' and this is acting as a draw for new shoppers to the Area. More national chains are also looking to locate here.

For retailers wishing to establish a presence in Tidworth, there are:

- Brand new retail units available as part of the Tesco development
- Tenancies in existing retail premises
- Land for further retail expansion

Ludgershall, just down the road, is thriving as an environment for speciality retailers. This has attracted retailers offering everything from bicycles to bridal wear.

"We decided to set up a superstore in Tidworth because we knew there was the business for it."
